## NextGen Healthcare Grants and Funding

Finding enough time and financial resources to maximize grants and funding opportunities can be a huge challenge. Luckily, purchasing Health Information Technology (HIT), such as an EHR, just got a little easier with the guidance and assistance of NextGen Healthcare's Grants Resource Center.

### Getting the help you need

As a complimentary service for clients – and soon-to-be clients – our team can help you determine how you can benefit from the billions of dollars in grants made available through the American Recovery and Reinvestment Act, as well as other public and private sources.

We can help:

- Identify appropriate **grant and funding opportunities**
- Refer you to, or provide, **grant and funding completion services, as appropriate**
- Deliver the necessary support to **help you submit a grants package**
- **Create customized grant proposals** centered around your unique interests
- Advise you of the **progress of specific grant awards**
- Begin your HIT **purchasing plans**
- **Prepare you to react quickly** if your grant application is approved

### Experience is critical

For over 5 years, NextGen Healthcare's Grants and Funding team has been hard at work helping clients – and soon-to-be clients – leverage funding sources, in areas such as:

- Health Information Technology (HIT)
- Health Information Exchange (HIE)
- Quality and research
- Under-served and health disparity populations
- Stimulus funding opportunities

### What is a grant?

A grant is an award of financial assistance from a funding source such as federal, state, and local governments, or private and public foundations.

The complexity of grant applications and requirements varies based on the grant source, the type of grant, the potential award amount, and other factors.

Also, find more information, and/or [sign up for a complimentary stimulus webinar, at \[www.nextgen.com/stimulus/\]\(http://www.nextgen.com/stimulus/\)](#)

## Success Stories

The NextGen Grants and Funding Resource Center has a proven record of accomplishment helping clients gain technology funding.

Some recent successes include:

- \$3.8 M state grant for a large Integrated Delivery Network
- \$3 M for a Community Health Clinic consortium
- \$1.8 M for a Health Center Controlled Network
- \$750,000 for a hospital-based physician organization
