

# Discover a Simpler Approach to Health IT— Designed for Pulmonary

Make life easier by bringing your health IT together: EHR, practice management, revenue cycle management, cloud-hosting services, patient engagement, and health data insights.

**Full-circle approach**—implementation tailored to your unique needs

**Personalized training**—extensive training on time, and on budget

**Live nationwide call support**—average support response time of two hours, compared to the industry average of two days

**Ongoing solution evaluation**—solutions are continuously updated and new features are developed to meet your evolving needs

## Digital front door and care anywhere

- Empower patients to engage with your practice via a robust patient engagement platform
- Use remote patient monitoring to improve outcomes for patients with chronic care conditions
- Decrease staff time spent on tedious tasks and reduce no-shows with self-scheduling, appointment reminders, bill pay, and Rx refill requests
- Reduce waiting room time by enabling patients to confirm personal information, complete intake forms, and provide insurance information before the appointment

## Secure every dollar you earn

- Provide an informative check-in and billing experience for patients
- Automate charge creation and create custom coding rules
- Maximize financial performance with clean claims and A/R management
- Capture everything you've earned with customized contract audit and recovery

## BENEFITS

### Content updated regularly

A team of pulmonary providers and developers work together to keep content current.

### Pulmonary board of advisors

Design and functionality enhancements are suggested by pulmonologists, for pulmonologists.

### Pulmonary device connectivity

Your practice can experience optional integration with Welch Allyn, MidMark, GE CardioSoft, CareFusion Vmax, and Morgan Scientific.

NextGen Healthcare  
RCM clients average  
a 98% first-pass clean  
claims rate.<sup>1</sup>

The standard best-practice clean  
claims rate is 80%.

## PULMONARY-SPECIFIC FEATURES

### EHR

#### More than 500 pulmonary and sleep medicine specific enhancements:

- Documentation for abnormal pulmonary study, allergies, asthma, bronchitis, cough, COPD, cystic fibrosis, dyspnea, insomnia, pulmonary fibrosis, pulmonary hypertension, restless leg syndrome, sarcoidosis, sinus disease, central sleep apnea, obstructive sleep apnea, and more
- Procedural templates for bronchoscopy, percutaneous biopsy, pulse oximetry, PFT findings, six-minute walk results, spirometry, thoracentesis, and Xolair injections
- Streamlined ordering for DME and sleep tests, including Polysomnogram, Actigram, MSLT, MWT, and more
- ScoreCard™ shows multiple patient data points in real time, including spirometry, pulse oximetry, sleepiness scale, ACT score, vitals over time, insomnia severity index, and QIDS score
- Pulmonary “home screen” provides physicians with a brief summary of the patient chart, including chest x-rays, chest CT scans, and vaccines
- Flexible documentation to accommodate individual workflows within your practice, including quick-save templates, voice recognition, free text, and digital pen technology

### Practice Management

#### An integrated platform helps:

- Lower IT overhead with single database management
- Share demographic data and reduce double entry
- Conduct HIPAA-compliant MPI searches for patients from other practices
- Support a single chart while securing practice financial data

Awarded Top Customer Service Accolades by the Stevie® Awards for 7 Consecutive Years
