

Reduce Denials. Accelerate Cash Flow. Lower Cost to Collect.

Digital patient access and engagement,
packaged for your practice

Sophisticated payer technology, shifting workforce dynamics, and expanding regulatory requirements present new hurdles for revenue cycle performance, but also offer powerful invitations to elevate billing workflows.

To build a more resilient revenue cycle, NextGen Healthcare equips practices with highly integrated and intelligent solutions designed to automate complex workflows and accelerate reimbursement via three powerful solutions:

Feature	Core Capability	Strategic Impact
NextGen® Payment Intelligence	Frictionless, modern patient billing workflows	Secures patient collections while dramatically elevating the overall financial experience
NextGen® RCM Intelligence	Advanced analytics and workflow automation	Identifies and resolves systemic billing bottlenecks to protect your operating margins
NextGen® Rules Engine	Proactive, real-time compliance and validation	Prevents denials at the source by adapting instantly to complex, shifting payer rules

Modernize, automate, and redesign your operating models

NextGen® Payment Intelligence

Automate payment reconciliation to accelerate cash posting and reduce manual effort.

Benefits

- Automatically match payments to deposits
- Ingest ERA and bank files seamlessly
- Eliminate manual reconciliation steps
- Provide real-time visibility into payment status
- Simplify tracking and exception management

“NextGen has helped us with our financial outcomes because we’re able to see a lot of the issues that happen or that could potentially happen, and that impacts us in a big way.”

*Maria Zendejas, Billing Director
Altura Centers for Health*

NextGen® RCM Intelligence

Streamline back-end workflows to reduce staff burden and improve operational efficiency.

Benefits

- Reduce manual work across key processes
- Automate adjustments, balances, and conveyances
- Improve task management and completion rates
- Increase staff productivity and throughput
- Standardize workflows for consistency and scale

NextGen® Rules Engine

Prevent errors before they happen with intelligent, automated charge validation.

Benefits

- Automatically identify and correct charge errors pre-submission
- Configure rules tailored to your workflows and specialties
- Enable smarter claim routing and prioritization
- Ensure real-time coding validation and compliance
- Automate work queues to improve staff efficiency
- Maintain continuously updated rules and content

“I would definitely recommend working with the NextGen Rules Engine to anyone who wants to reduce manual processes and improve their rejection rates.”

*Rebecca Ashley, Data Entry Team Lead
Pacific Cataract and Laser Institute*
