

Level Up: Document Your Way

NextGen Mobile tiers

Your time is valuable. Don't spend more time than necessary in the EHR.

NextGen® Mobile, integrated with NextGen® Enterprise EHR, makes delivering and documenting care easier. Access information and perform tasks in the EHR on a mobile device, from anywhere at any time.

All NextGen Enterprise users have access to NextGen Mobile. Your practice can choose to upgrade to Mobile Plus or Mobile Pro at any time for more advanced features and offerings.

“I used to have a massive stack of notes that had to get done. I find Ambient Assist is slightly more accurate than I am. Now I'm seeing 5 more patients a day... and out by 5pm.”

Keith M. Nord, MD

Orthopedic Hand Surgeon
Sports Orthopedics & Spine

Dictation Options

NextGen® Ambient Assist

This revolutionary AI tool significantly reduces post-visit note completion time, as SOAP notes are generated upon the visit's end and can be reviewed within seconds.

NextGen® Speech-to-Text

Automatic voice-to-text technology captures your dictation and converts it to text for you to edit.

NextGen® Virtual Live Scribe

A scribe virtually joins your visit and documents the patient encounter.

NextGen® Remote Scribe Services

A recording of your dictation is sent to a scribe who documents the encounter.

NextGen® Transcription Services

Your dictation is sent to a transcriptionist who reviews and edits the text.
