

Regain Confidence with a Stronger Revenue Cycle

Track, boost, & strengthen your revenue cycle.

There are a myriad of ways for revenue to slip through the cracks, but many practices don't have the visibility into where those leaks are occurring.

The NextGen® Office Billing Health Check gives you an objective assessment of your revenue cycle so you can better understand what's working, what's not, and uncover new opportunities for growth. Because when you have confidence in your billing performance, you can focus on growing your practice.

What You'll Gain

A clearer picture of your financial performance

Understand how effectively your practice collects revenue and where opportunities exist to improve cash flow.

Greater visibility into your billing operation

See how payers, denials, adjustments, and collections are affecting your bottom line—whether billing is managed internally or by a third-party partner.

Actionable insights

Receive practical recommendations to help reduce revenue leakage, improve operational efficiency, and strengthen financial performance.

Schedule your Billing Health Check today.

How to know if a Billing Health Check is right for you

Do you know your net collection rate? Average days in AR? Denials by payer? If you are writing off more than you should?

If the answers aren't clear, a Billing Health Check can help you get a much better understanding of your revenue streams and reintroduce the confidence you need to thrive.
