

# NextGen<sup>®</sup> Closed Loop<sup>™</sup> Patient & Practice Experience

*Every step of the patient journey, optimized on a single reliable platform*

Full integration is the key to a successful patient journey. That's why NextGen Healthcare has partnered with Luma Health, InstaMed, and Waystar; to bring the best solutions for patient engagement, payment collections, and claims processing all under one integrated platform.

Rather than piecing a system together with disparate, plug-and-play APIs, these partnerships expand what it means to have true integration, dependable support, and robust resources on your side—each coming together to form an interconnected platform for elevating the patient and provider experience.
