

Choose a partner you can count on with the Easy Switch Program

Make your last health IT move

Uneasy about the future of your health IT system? Worried about:

- CURES certification
- Staffing challenges
- A value-based care model
- Enterprise-ready practice management
- True integration and interoperability
- Overall system flexibility
- Configurable and robust specialty-specific content and workflows
- Strong security protocol

The easiest way to change health IT systems

The Easy Switch program by NextGen Healthcare

Save time and expense with a smart methodology designed for you. This unique program enables a seamless migration from your legacy system to NextGen Healthcare, made possible by our partnership with Keena Health. Keena is a healthcare optimization organization focused on improving workflow and insight into clinical and financial systems.

WHY NEXTGEN HEALTHCARE?

- **Best in KLAS** EHR and Practice Management
- Architected out-of-the-box for **scale and dynamic growth**
- **Highly configurable** across clinical specialties
- **Proven results** for practices exploring value-based care and/or alternative payment models
- Market leading **interoperability**
- **Plug and Play APIs** to support 3rd party integration
- Hands-free **Mobile** platform
- **Tech Enabled Services**

Our methodology

We work closely with you during discovery to understand how you work and to identify your unique needs. We then **tailor the implementation plan to fit your organization.** We support you all the way through the process including onsite and virtual support.

One platform, one partner

Energize clinicians
