

General Terms and Conditions

This document states the general terms and conditions under which the Company will deliver to Client the Products and/or Services outlined in any Order Form executed by Client and/or Company. Unless specifically outlined in an Addendum to the contrary, the order of precedence shall be as follows: (i) Addendum; if any; (ii) Order Form; (iii) Applicable Schedule and any Exhibit or Attachment thereto, if any; (iv) Statement of Work, if any; and (v) General Terms and Conditions. Capitalized terms shall have the meaning outlined in the Order Form, Schedule, or as defined in the [Definition Exhibit](#) below.)

1. PAYMENT OF FEES

1.1 Payment. Unless otherwise outlined in an Addendum, payment terms are as outlined in the applicable Order Form. All fees and subscriptions (including but not limited to Maintenance Services) may be increased each calendar year during the initial Service Term or any Renewal Period by the lesser of 5% or the change in the Consumer Price Index, for all Urban Consumers (CPI-U) – US City Average, All Items. Additionally, Company reserves the right to modify its fees and subscriptions, effective as of the beginning of the next applicable Service Term with sixty (60) days prior notice to Client. Client agrees to pay all fees for the entire Service Term set forth on an applicable Order Form. Payment obligations are binding, non-cancelable, and commence as stated on the Order Form independently of the Client's actual start of use of the Products or Services. Client understands that any payment terms offered by Company are an extension of credit by Company and may require that the Client provide credit information to Company. Should the Company be unable to obtain through commercially reasonable means, using reasonable commercial underwriting principles, a favorable creditworthiness approval of the Client (as determined by the Company in its sole discretion), the Company may require alternate payment terms or, at its option, immediately terminate the Master Agreement (or any applicable Order Form) upon written notice to Client. Any billing requirements needed by the Client on Company invoices must be submitted to the Company (via opening a support case through Company's [Success Community](#) within 10 days from the Effective Date; and, any agreed to invoice changes will only be effective for invoices prospectively issued. Any undisputed fees that are owed as of the date of termination or expiration of this Master Agreement will be immediately due and payable. [If paying by credit/debit card, Client expressly authorizes Company to charge Client's credit/debit card information each month for an amount equal to Client's current balance. If either: (A) Client's credit/debit card information changes, (B) Client's credit/debit card information becomes expired, or (C) Client is notified by Company of an unsuccessful attempt by Company to charge Client's credit/debit card information for Client's invoice total, then Client agrees to update its account with valid credit/debit card information as soon as possible but, in no event, later than five (5) days. If, at any time, Client revokes its credit/debit card authorization, then such revocation shall be considered a material breach of this Agreement. To the extent permitted by applicable Law, payments made by credit card are subject to a processing fee equal to the lesser of the fee charged to Company by the credit card processor or three percent (3%). Payments made by debit card or ACH transfer shall not be subject to a processing fee].

1.2 Subscription Fee. Unless otherwise set forth in an applicable Order Form, Managed Cloud Service subscription fees commence 30 days from the Effective Date of the applicable Order Form in which the Product or Service that will be under a Managed Cloud Service subscription is obtained. The need for an extended period thereafter to complete any setup, installation, maintenance work, consultation, Updates, programming, or training services required hereunder shall not delay or extend the time for payment as set forth herein. The Managed Cloud Service subscription fee may increase during any Service Term if (i) Company's third-party costs to provide such service materially increase beyond Company's reasonable control; which, in such cases, Company will provide Client with 30 days advance written notice of such increase; (ii) if during a current Managed Cloud Service subscription additional Products, acquired by Client under supplemental orders, are added to the overall portfolio of Managed Cloud Service subscription or if additional Metrics and/or Third Party Materials are used in the prior month, in which case, Company will invoice Client for the additional, actual usage; and/or (iii) if Client exceeds the storage limits described in the "Storage" Section below, in which case, Client will be charged 75c per gigabyte per month over the storage limit each month.

1.3 Billing Disputes. If Client believes in good faith that Company has incorrectly billed Client, Client must notify Company, in reasonable detail, of the dispute through Company's [Success Community](#) prior to the date payment is due. Invoices for which no such timely notification is received shall be deemed accepted by Client as true and correct, and Client shall pay all amounts due under such invoices within the applicable due date. The Parties shall seek to resolve all such disputes expeditiously and in good faith. Notwithstanding anything to the contrary, each Party shall continue to fulfill its obligations under this Master Agreement during any such dispute, including, without limitation, payment by Client of all undisputed amounts/fees due and payable.

1.4 Failure to Pay. If Client fails to make any payment when due then, in addition to all other remedies that may be available, Company may charge interest on the past due amount at the rate of 1.5% per month or, if lower, the highest rate permitted under applicable Law. If any charge owing by Client under this or any other agreement is thirty (30) days or more overdue, Company may, without limiting its other rights and remedies, (A) accelerate Client's unpaid fee obligations under such agreements so that all such obligations become immediately due and payable, (B) suspend or restrict Services until such amounts are paid in full, provided that, Company will give Client at least 10 days' prior notice that its account is overdue, before suspending or restricting Services to Client, (C) prospectively discontinue any currently provided discount for the affected Company Products and Services, and (D) discontinue any future right to purchase Products and Services, whether at a discount price or otherwise and/or withdraw any previously granted, non-standard payment terms. For items (C) and (D), the Company will provide an adjusted invoice that reflects the applicable list price and revise the associated payment schedule as applicable to reflect the new remaining balance and/or payment terms. Unless otherwise agreed to by the Parties in writing, the Company's failure to invoice for any item outlined in the Order Form shall not relieve the Client's obligation to pay for the item once the Company subsequently invoices the Client for the same. However, the Company will not exercise its rights under items (A) through (D) above or apply any interest charge if the Client is

General Terms and Conditions

disputing the applicable charges in good faith in accordance with the Billing Disputes Section above and is cooperating diligently to resolve the dispute.

1.5 Taxes. Prices do not include applicable taxes. Company will invoice Client for any applicable taxes, and Client agrees to pay these taxes. Where applicable, Client must provide any tax-exemption claim to Company before, or contemporaneously, when, placing an order.

2. CLIENT RESPONSIBILITIES

2.1 General. Client will comply, and Client will require all Affiliated Organizations, End Users, Personnel, and other persons to whom Client provides any access to Products, Services, or other Company Confidential Information to comply with the applicable provisions of this Master Agreement; and Client shall be responsible for the non-compliance of any such Affiliated Organizations, End Users, Personnel and/or other person.

2.2 Required Resources. Except for Products and Services accessed and used by Client under a Managed Cloud Service model, Client: (A) must provide, at its own expense, the Personnel, Facilities & Equipment required for use of the Products and Services, (B) must also obtain any consents, authorizations, and approvals necessary to enable the Company to access such Facilities and Equipment to perform its obligations for the Client under this Master Agreement; and (C) is responsible to obtain, and keep updated, any third-party materials that may be required to operate and/or use the features and functionality of any Company Software and/or Service, including but not limited to CPT and ICD code files.

2.5 Limitations on Use. Except to the limited extent expressly permitted in this Master Agreement, Client will not: (A) sell, transfer, lease, assign, or sublicense any Product or Services; (B) use any Product or Services as a service bureau, for outsourcing, for sharing access to any Services with any Third Party (except for authorized End Users), or for otherwise offering or making available the functionality of the Products or Services to any Third Party; (C) permit any End User or other person to access or use Products or Services using another End User's ID, login, password, or otherwise make an End User's ID, login or password available to any Third Party; (D) use any Product or Service to process anything other than Client's, Affiliated Organizations', or an End Users' data; (E) bypass any privacy and/or security measures Company may use to prevent or restrict access to the Products and/or Services (or other accounts, computer systems or networks connected to the Company's Products or Services); (F) knowingly use the Products and/or Services in a manner that violates any applicable local, state, national and foreign Laws, treaties or regulations (including those related to data privacy, international communications, export Laws and the transmission of technical or personal data Laws); or (G) remove any intellectual property, confidentiality or proprietary notices of Company and/or any Third-Party which appear in any form on the Products and/or Services or otherwise in any Company collateral or materials however reproduced.

3. CONFIDENTIALITY

3.1 Protection of Confidential Information. As between the Parties, each Party retains all ownership rights in and to its Confidential Information. The Recipient will use the same degree of care that it uses to protect the confidentiality of its own confidential information of like kind (but not less than reasonable care) to (i) not use any Confidential Information of the Discloser for any purpose outside the scope of this Agreement and (ii) except as otherwise authorized by the Discloser in writing, limit access to Confidential Information of the Discloser to those of its employees and contractors who need that access for purposes consistent with the Master Agreement and who have signed confidentiality agreements with the Recipient containing protections not materially less protective of the Confidential Information than those herein. Neither Party will disclose the terms of the Master Agreement or any Order Form to any Third Party other than its affiliates without the other Party's prior written consent, provided that a Party that makes any such disclosure to its affiliate will remain responsible for such affiliate's compliance with this "Confidentiality" Section. Notwithstanding the foregoing, Company may disclose the terms of this Agreement and any applicable Order Form to a contractor of Company to the extent necessary to perform Company's obligations under this Agreement, under terms of confidentiality materially as protective as set forth herein.

3.2 Compelled Disclosure. The Recipient may disclose Confidential Information of the Discloser, excluding Protected Health Information, which shall be governed by the terms of a Business Associate Agreement between the Parties, if any, to the extent compelled by Law to do so, provided the Recipient gives the Discloser prior notice of the compelled disclosure (to the extent legally permitted) and reasonable

General Terms and Conditions

If the Recipient is compelled by Law to disclose the Discloser's Confidential Information as part of a civil proceeding to which the Discloser is a party, and the Discloser is not contesting the disclosure, the Discloser will reimburse the Recipient for its reasonable cost of compiling and providing secure access to that Confidential Information.

4. PRIVACY

4.1 Protected Health Information. If Client orders Services that require Client to provide to Company Protected Health Information ("PHI") that is protected under any Laws, the Parties will enter into, and maintain throughout the Service Term, a mutually agreed upon Business Associate Agreement. Company does not own the PHI provided by Client, and Client will provide Company with, only the minimum PHI required to perform the Services hereunder. The Parties each will comply with their respective obligations set forth in the Business Associate Agreement.

4.2 Personal Data.

- A. If Client orders Services that require Client to provide to Company any Personal Data that is protected under any Data Protection Laws, the Parties agree to enter into a mutually agreed upon Data Processing Agreement. To the extent that any Data Protection Laws are not applicable to Client Data, this Section shall not apply.
- B. To the extent Company, in its role as a Service Provider under CCPA (including as it may be amended by the California Privacy Rights Act, "CPRA"), receives Personal Data that constitutes "personal information" under CCPA, Company will not (i) sell (as defined in CCPA) such Personal Data; (ii) shall not retain, use, or disclose such Personal Data for any purpose other than performing the Services under the Master Agreement or as otherwise permitted under CCPA; (iii) retain, use, or disclose the Personal Data for a commercial purpose other than providing the Services unless otherwise permitted under the Agreement; or (iv) retain, use, or disclose such Personal Data outside of the direct business relationship between Client and Company.
- C. Client acknowledges that in the course of providing the Services, Company may collect Personal Data about the Client and its End Users. The collection, use, and disclosure of such Personal Data by the Company shall be conducted in accordance with the Company's [Privacy Policy](#), as may be amended from time to time, which outlines these practices in detail. By engaging with the Services, Client and its End Users signify their understanding of, and agreement to, the data practices as described in the Company's Privacy Policy.

5. CONSULTING SERVICES, IMPLEMENTATION SERVICES AND ONLINE TRAINING Company will provide the Implementation and/or Consulting Services specified in any Order Form. If an Order Form includes a subscription to the Company's online training program, it will be used as part of the Implementation Services. Each Provider and End Users must have individual accounts and credentials to access the online training materials, which are for the Client's internal use only and are designed to help the Client learn how to use the Company Software and Services. Each online training SaaS subscription lasts for one year from the Effective Date of the relevant Order Form and automatically renews for another year at the then current rate unless a Party gives written notice of non-renewal at least 60 days before the end of the current online training subscription term.

6. SAAS MODEL.

6.1. General. Many of the Company's offerings are made available under a software-as-a-service ("SaaS") subscription model. Each such subscription, and its associated subscription fee, includes (i) the access and use of such Products and/or Services, (ii) non-administrative, remote access to the Environment, (iii) Software Maintenance Services on such Products and/or Services, and (iv) updated versions of the Third-Party Software listed in applicable Order Form. No license to the Product(s) is granted to the Client under a SaaS model. Certain SaaS offerings may require the Client to install on its equipment Plug-In software to access and use the SaaS offering.

6.2 SaaS End Users; Plug-in License. During the SaaS Service Term, and provided Client is compliant with the terms of this Agreement, Client will have a non-transferable and non-exclusive license to permit its SaaS End Users to install, use, and implement Plug-In Software solely to access the SaaS offerings for Client's internal operations as permitted under the Master Agreement. A SaaS subscription to the NextGen® Enterprise EHR/PM solution that is based solely on a Provider Metric, will include the ability to have that Provider and four (4) additional non-Provider SaaS End Users utilize the SaaS Subscription. Client will identify, in writing, all End Users and provide periodic updates as necessary. Client shall ensure that all End Users will comply with all the terms and conditions hereof. Client agrees to notify Company, in writing, within 7 days following the termination of employment or employment of any additional End User.

7. LICENSE MODEL.

7.1 Company Software. When licenses to Company Software are purchased by Client in an Order Form, Company grants Client, a perpetual personal, non-exclusive and non-transferable license to:

Client will purchase updates to Third Party Software as needed to comply with the requirements of Client's then current version of the applicable Company Software.

7.3 Non-Production Use. Unless otherwise agreed to by the parties in an Order Form or Addendum, Client may only operate one Production instance of the Software. Client may operate a reasonable number of non-Production instances (e.g. backup, training, disaster recovery, etc.) of the Software not to exceed any limit set forth in the Order Form and/or applicable Schedule. A backup instance of Software may be installed in a Designated Location separate from the location where the Production instance is installed.

7.4 License Keys. Certain Software may require a License Key to operate; and, in such case, the License Key is provided at the time of delivery. Any additional License Keys would be provided as needed.

7.5 No Title Transfer. All of the Company Technology shall remain personal property and the title thereto shall remain with the Company at all times. Client shall have no right, title or interest therein or thereto except as to the use thereof subject to the terms and conditions of this Master Agreement. Client shall keep the Company Technology free from any and all judgments, liens and encumbrances. Client shall give Company immediate notice of the attachment or other judicial process, lien, or encumbrance affecting the Company Technology and shall indemnify and save Company harmless of and from any loss or damage caused thereby.

7.6 License Compliance. During each Service Term and for 3 years thereafter, Client shall keep complete and accurate records relating to use of Products and Services and any fees payable under this Master Agreement. Company may, at its expense and no more than once every calendar year, inspect such records and access related systems to verify that use of the Products and Services by Client complies with the terms of this Master Agreement. If a verification shows that Client is using the Products and Services beyond the quantity that was legitimately licensed or in any way not permitted under this Master Agreement, Client must pay, unless disputed in good faith, any additional license fees and any related maintenance and support fees based on Company's then-current list price, within 30 days of invoice date.

7.7 Effect of Termination. Upon termination of a license or this Master Agreement, Client must cease to use the Software and Third Party Software, uninstall all copies of the Software and Third Party Software from all Authorized Servers and Authorized Workstations, and destroy any media containing the Software and Third Party Software.

7.8 Delivery. Software is deemed to be delivered and accepted by Client on the earlier of the date the Software is made available by Company for electronic download or, if applicable, the date that Company ships (FOB origin) the tangible product and/or media containing the Software.

7.9 Hosting. Software is deemed to be delivered and accepted by Client on the earlier of the date the Software is made available by Company for electronic download or, if applicable, the date that Company ships (FOB origin) the tangible product and/or media containing the Software

- (A) Under the hosting model, Client has purchased Software licenses under an Order Form and such Software is installed in a Company owned or Company-controlled Environment and made available to Client for access and use through the internet. At the expiration of the hosting Service Term, the previously purchased Software licenses are available to Client to self-host or use a third party to host such Software. During the hosting Service Term, the Hosting subscription allows Client to access the Environment and use thereon the Products set forth in the applicable Order Form(s). The subscription fees under a hosting model do not include: (A) licenses and/or rental fees associated with Products set forth in any Order Form(s), (B) Implementation and/or Consulting Services fees required for use of any such Products and/or (C) Software Maintenance Services fees on such Products.

Each Hosted End User is limited to a single active session in the Environment; and accordingly, a Hosted End User may not be logged into the Environment from more than one computer (or have more than one session on a single computer) at any one time and (B) Client will designate at least one Certified Professional or System Administrator

General Terms and Conditions

who is authorized to assign and delete authorized Hosted End Users, and who will timely notify Company of each authorization and termination of a Hosted End User.

8. MANAGED CLOUD SERVICES MODEL

8.1 ENVIRONMENT. The Environment utilized to provide the Managed Cloud Services consists of the following:

- A. Installation.** Company will load and/or configure the Products outlined in the applicable Order Form in the Environment. However, work associated with migrating from an existing non-Company environment is not a part of the applicable Managed Cloud Services subscription and is not included in the monthly Managed Cloud Services subscription fee. Before the Company performs any data conversion services, the Client must (i) procure the necessary resources to unload the data from Client's existing system; (ii) provide the record layouts, data, and other information requested by Company; and (iii) provide Company with the flat file extracts from Client's existing system in Company defined format.
- B. Practice Setup.** Company will set the Environment to allow for one Production environment. Client understands that one Production environment is tied to one tax identification number, or one separate Group of Charts kept by the Client within the Software. If Client desires, or the Software requires to achieve the functional goal of Client, to have any additional, distinct and separate production environments to accommodate additional: (1) tax identification number associated with Client and/or (2) separate Group of Charts kept by Client within the Software, then Client would need to purchase a subscription to same, which fee would be in addition to the monthly Managed Cloud Services subscription fee already being charged.
- C. Third Party Licenses for Infrastructure.** Company is responsible for obtaining the license and/or access and use rights for the third-party operating system, database software, tools, and utilities Company requires to operate the Environment. Client obtains no rights or licenses to these items. Client understands that the items Company obtains to create and maintain the Environment are separate and distinct from the Company Software and third-party materials that Client must purchase to use the features and functionality of the Company Software and/or Service.
- D. Operation.** Company will maintain the Environment so that the Products thereon perform per the applicable Product's User Material(s).

8.2 STORAGE. Client is limited to a maximum of fifteen (15) gigabytes of storage for Client Data generated or loaded through the Managed Cloud Service offering multiplied by the number of End Users included in the Managed Cloud Subscriptions that Client has purchased. Managed Cloud Service Fees are based on the volume of Client Data on the last day of each month. Extra storage used beyond the average of fifteen (15) gigabytes per End User accessing the Managed Cloud Service in any month will be billed at the rate of 75¢ per gigabyte per month.

8.3 MISUSE OF CREDENTIALS. If the Company reasonably verifies that the Client is misusing or sharing Managed Cloud Service End User's ID, login, or password in a manner that: (A) exceeds the quantity specified in an applicable Order Form, or (B) is not permitted under this Master Agreement, resulting in additional fees, the Client must, unless disputed in good faith, pay the additional Service fees for the period identified by the Company as inaccurate. These fees will be calculated based on the Company's then-current list price and must be paid within 30 days of the invoice date. Subsequent invoices will reflect the Service fees for the confirmed number of End Users accessing the offering.

9. MAINTENANCE SERVICES. Company offers support services to help End Users maintain the Software, Hardware, and online services that it makes available to its clients, which can be found in Company's [Maintenance Services](#) policy, as may be amended from time to time. For those Products and Services that the Company makes available to clients under a SaaS model, the fee for Maintenance Services is included in the monthly SaaS Service fee. For all other Products and Services, the fees to obtain Maintenance Services are separately charged and invoiced. The Software Maintenance Service Term for Products shall be set forth in an applicable Order Form and shall continue as outlined in the Order Form, unless: (A) solely for Third Party Materials included within the Software Maintenance Service, the Third Party vendor provides written notice of nonrenewal to a Party; or, (B) the Third Party vendor or Company ceases to make available Software Maintenance Services on such Third Party Materials.

10. DATA USE POLICY. Client Data may be used by Company in accordance with the Company's [Data Use Policy](#), as may be amended from time to time.

11. TERM AND TERMINATION

11.1 Term. This Master Agreement, itself, becomes effective on the Effective Date of the first Order Form entered between the Parties. Every Product and Service purchased by Client directly from the Company will be subject to the terms of this Master Agreement, unless otherwise mutually agreed to in writing by the Parties. Each subsequently purchased Product or Service will be bound to the Master Agreement commencing on the Effective Date of the applicable Order Form and remain so bound until the expiration of the applicable Service Term for such Product or Service unless terminated earlier under this Master Agreement. Termination or expiration of a license or subscription

General Terms and Conditions

to a Product and/or Service does not, in and of itself, terminate the Master Agreement; but the Master Agreement shall remain in effect if other licenses or subscriptions to other Products and/or Services remain in effect.

11.2 Termination for Cause.

A. Material Breach by Either Party. If either Party commits a material breach of this Master Agreement, including but not limited to non-payment, the non-breaching Party must give written notice describing, in reasonable detail, the nature and basis of the breach to the breaching Party. Except as otherwise allowed under this Master Agreement, if the breach is not cured within 30 days of the notice date or such other mutually agreed, in writing, extension thereof, the non-breaching Party may immediately terminate this Master Agreement. All notices by Client pursuant to this Section must be submitted in the Company's [Success Community](#) with a copy sent to the Company's legal department via legal@nextgen.com. In the event this Master Agreement is terminated by Company in accordance with this Section, all Fees that would have become payable had the Master Agreement remained in effect until expiration of the remainder of the term of all Order Forms will become immediately due and payable, and Client shall pay such Fees, together with all previously accrued but not yet paid Fees, on receipt of Company's invoice therefor.

B. Bankruptcy. Each Party may terminate this Master Agreement immediately upon written notice if the other Party ceases to conduct its business, makes a general assignment for the benefit of its creditors, admits publicly its inability to meet its obligations as they come due, voluntarily files for bankruptcy or insolvency, or is the subject of a filing by a Third Party for bankruptcy, insolvency, receivership or similar protection that is not dismissed within 45 days.

11.3. Survival. The termination or expiration of this Master Agreement will not affect any provisions of this Master Agreement which by their nature survive termination or expiration, including the provisions that deal with the following subject matters: Client Responsibilities, Confidentiality, Privacy, Term and Termination, Proprietary Rights, Warranty Disclaimers, Limitation of Liability and General Provisions.

11.4 Effect of Managed Cloud Service Subscription Expiration/Termination; Transition; Return of Client Data. Upon termination or expiration of Managed Cloud Service subscription(s): (A) Client's right to access and use the Managed Cloud offering(s) and all related functionality therein, through the Environment immediately terminates and (B) Client must, at its expense, remove and delete all copies of User Materials and any Plug-In Software, if any. Upon termination or expiration of the Managed Cloud Service subscription, Client's right to use the Environment immediately terminates. Upon termination of Managed Cloud Service subscription for a NextGen® Enterprise EHR/PM offering, Client will promptly obtain AWS' s3 cloud storage (or such other Company-approved cloud storage) and provide Company with credentials to access same. Once Company has obtained the necessary access, Company will copy the PHI into that storage site, in the following mutually agreed to content and manner and to the extent such data exists: (i) Prod.bak- Test, Dev; (ii) ICS images- on the file server; (iii) NGRoot – on the file server and (iv) Client share on the desktop- on the file server. Upon confirmation of receipt of the Client Data, Company will render unreadable, unusable, and unrecoverable all Client Data residing on Hardware controlled by the Company to the extent allowed by Law. Client may procure additional transition services at Company's then-current hourly rates and standard terms and conditions.

12. PROPRIETARY RIGHTS

12.1 Ownership. Company and/or its licensors retain all right, title, and interest in and to the Company Technology. No Company Technology is ever sold to Client but rather Client is either purchasing a license thereto or obtaining access and use of the Company Technology under a SaaS subscription model. Unless specifically stated, in writing, by the Company to the contrary, Client has no right to use the Company's or any Third Party's name, trademarks or logo, or any goodwill now or hereafter associated therewith, all of which is the sole property of and will inure exclusively to the benefit of Company or such Third Party. Client will not use the Products and/or Services in a manner that violates any third-party intellectual property, contractual or other proprietary rights.

12.2 No Modifications. Unless specifically stated, in writing, by Company to the contrary, Client agrees not to modify, create derivative works of, adapt, translate, reverse engineer the Products and/or Services or otherwise decompile, disassemble, or attempt to discover the source code or any other non-user facing aspects in any Product and/or Service. Breach of this Section will be deemed a material breach of the Master Agreement and entitle Company to immediately terminate the Master Agreement.

12.3 Feedback. The purpose of this Section is to avoid potential misunderstandings or disputes when Company's products and/or marketing strategies might seem like ideas submitted or feedback given to Company. Feedback means any comments, submissions or other feedback Client may provide to Company, at its sole discretion, concerning the functionality and performance of the Company Technology, including identification of potential errors and improvements. By submitting any Feedback, (1) Company will be free to use, disclose, reproduce, license, or otherwise distribute, and exploit such Feedback as Company sees fit, without any obligation or restriction of any kind to Client; (2) there is no obligation for Company to review Feedback; and (3) there is no obligation to keep any Feedback confidential.

13. LIMITED WARRANTIES

13.1 General. Each Party represents and warrants that to the best of their knowledge: (A) it is duly organized and in good standing under the Laws of the state of its organization; (B) it has full authority to execute and perform under this Master Agreement, and

General Terms and Conditions

Breach of this Section will be a material breach of the Master Agreement and entitle the non-breaching Party to immediately terminate the Master Agreement.

13.3 Limited License Warranty. When applicable to Company Software licensed by Client under a License Model, Company warrants to Client that the Company Software - as delivered and at the time of delivery by Company or its authorized Partners - will perform substantially in accordance with the User Materials for that specific version of the Company Software for 1 year following Delivery. Client must notify Company, in writing, and in reasonable detail, within thirty days of any breach of this warranty. To the extent permitted by Law, Client’s sole and exclusive remedy and Company’s sole liability under or about this warranty will be, at Company’s option, to (A) correct the Company Software or provide a reasonable workaround or (B) if reasonable efforts to achieve (A) fail, refund fees paid by Client for that non-conforming portion of the Company Software. This warranty does not cover any failure that (i) cannot be reproduced by Company; (ii) arises from use not permitted by this Master Agreement, including but not limited to, Section 2.5 of the General Terms and Conditions; (iii) arises from any modification to the Company Software except by Company or by a current Company-certified partner authorized to make such modifications; (iv) would be avoided by implementing the then-current release of the applicable Company Software; or (v) is caused by use of any unauthorized Third Party operating system, database software, or other Third Party Material.

14. WARRANTY DISCLAIMERS

14.1 Content; Third Party Materials. Company does not make, and hereby expressly disclaims, any warranties in connection with Content and Third-Party Materials. All Content and Third-Party Materials are provided “As-Is” without any warranty or indemnification from Company whatsoever.

14.2 Limited General Release Testing. From time-to-time Client may be offered the opportunity to participate in the limited general release (“LGR”) testing of Software or Services. All LGR versions of Software or Services are provided on an “As-Is” basis. Client’s use of any LGR versions of Software or Services is at Client’s own risk and expense, and without any change in the provisions of, or fees set forth in, this Master Agreement. Participation in any LGR program is optional.

14.3 Implied Warranties.
